Samarth Gurukul is opened with ideology to nourish and nurture the potential of rural individuals. We lay our focus on all round development of a child where they are physically strong and mentally healthy. The concept of education has been changed. Integrated learning should be adopted by giving opportunities to students to develop their personalities through different co-curricular and extracurricular activities and soft skill courses. An important component of academic excellence is remarkable faculty who teach with skill and passion. Access to such quality education will result in transformation of an individual, community and society at large. We at Samarth Rural Educational Institutions focus on 'Active Learning' and 'Dynamic Knowledge' leading to 'desired innovations'.
